|---|--------|

| | |
|--|--------|
| Topic: Elementary Drug-Free Curriculum-Mrs. Hegarty (A) | Status |
|--|--------|

----- Information Items -----

B.O.E. Action- From the May Meeting

- **Definition of Academic Excellence** (for discussion): “To become a school system that inspires, challenges, and supports the highest levels of excellence for all our students, not just for some of them or even many of them. At Atchison County Community Schools, we believe that an intellectually rigorous, transformative educational experience will lead to graduates whose achievements will launch them into the next phase of their lives, who are prepared to function effectively in the complex and increasingly diverse world of the 21st Century, and who understand and embrace the responsibilities of living as informed, responsible citizens”
- **New Computers for ACCMS:** Business Lab (24) VPL Lab (24)

Next Curriculum Council Meeting

- **November 19, 2008:** Consider recommendation of the Mathematics Resource Adoption Committee for 2008-09 adoption.

~~them.~~ At Atchison County Community Schools, we believe that an intellectually rigorous, ~~transformative~~ educational experience will **prepare students** lead to ~~graduates whose achievements will launch them into the next phase of their lives, who are prepared to function effectively in the complex and increasingly diverse world of the 21st Century, and who understand and embrace the responsibilities of living~~ as informed, responsible citizens”

Moved by Pat Forge, Seconded by Pam Liewer Vote: unanimous
