What's Happening?

Math

The students will work with money and making change.

The students will also be reviewing multiplication, division, geometry, telling time, and problem solving to prepare for state assessments.

Practice the multiplication and division flashcards at home.

Writing/English

The students will write about personal experiences. They will use the 6-trait in their writing. The students are working on their "Secret Projects" in writing.

They are doing a great job and learning lots about writing!

Reading

The students will be reviewing the following:

Fact & Opinion
Link cause and effect and sequencing
Author's purpose: persuade, entertain, and inform
Main Idea and supporting details

The students will be given a practice test every Thursday.

Science/S.S

The students will discuss the nutritional value of various foods and their contribution to health.

Students will also review science standards for state assessments.

Teacher Comments
