What's Happening?

Math

The students will learn to find the mean of a set of numbers.

The students will also be reviewing multiplication, division, geometry, telling time, money, and problem solving to prepare for state assessments.

Please review the study guide with your student.

Writing/English

The students will write an essay about their favorite president.

The students are working on their "Secret Projects" in writing. They are doing a great job and learning lots about writing!

Reading

The students will be reviewing the following for assessments:

Fact & Opinion
Link cause and effect and sequencing
Author's purpose: persuade, entertain, and inform
Main Idea and supporting details
Text Structure
The students will be given a practice test every Tuesday & Thursday.

Science/S.S

Students will review science standards for state assessments.

Please keep Math, Reading, and Science practice test as study guides.
