

What's Cooking in 2nd Grade?

Effingham Elementary School Mrs. Small- Teacher For the week of Sept. 03-7

Reading

The Reading Homework assignment is... Henry and Mudge from the red textbook.

Our computers are not up and running yet so the children cannot take AR tests yet.

Reminder... The children will be expected to read and remember what their library books and Guided Reading books are about. Please ask your child questions about the book. The children are expected to re-read their books in order to gain better fluency and comprehension.

Guided Reading will start soon. Groups and levels of books may change according to student levels of fluency and comprehension.

Math

In math we are working on addition facts and basic word families. We will also be continuing to learn how to make graphs and tally charts.

We will be starting something new in math called Rocket Math. Just like a spelling list, Rocket Math asks that parents work with their child every day on certain math facts. You will need to purchase inexpensive addition flash cards. They can be purchased at the Dollar General Store or Wal-Mart. Please let me know if cannot do this for your child and I will try to help you out.

Let's fly to the moon with Rocket Math!

Rocket Math Quizzes will be every Friday!

Spelling

The first 10 words contain short vowels. The last two words are from the "ad" word family.

as
has
fox
box
mix
egg
jam
pet
nap
big
lad
fad

Spelling Quizzes will be every Friday!

Science

We will continue studying plants. We will plant bean seeds and record observations. Ask your child to tell you about seeds and plant life.

REMINDER: NO SCHOOL ON MONDAY, SEPT. 3rd. (Labor Day)
