| <p>Students need to read books from the kiwi bag, library books, and the story from the red reader. (15-30 minutes each night!) The Homework assignment for this week is... <u>Lemonade for Sale</u> from the red textbook. We had it last week, but we are rereading it for this week.</p> <p><u>Students Must Read Each Evening!</u><br/>Please help your child read each evening. It is necessary for them to read at home to reinforce what they are learning in school. The more your child reads the smarter he/she will get!</p> <p><u>Reading Groups</u><br/>Reading groups will change according to student needs. Students must aim for 80% or better comprehension in reading on AR tests. Some students are not rereading their books. Parents, please ask your child questions about the story.</p> | <p>We are continuing to review all lessons previously taught. Please help your child do math flash cards each evening. We will soon be ready for geometry. Learning shapes will be fun!</p> <p><u>Being Good Listeners</u><br/>Could you please talk to your child about the importance of listening and following directions? I am looking for responsible café workers! We do not have time to waste! We are getting reading for 3<sup>rd</sup> Grade!</p> <p>*****</p> <p>Every student is special!<br/>Every student is loveable and capable!</p> <p><u>Phonics is the Key!</u><br/>Phonics is the Key to having good readers. Students need to recognize word families and letter combinations.</p> | <p>Thank you for helping your child practice spelling words every night.</p> <p>be<br/>see<br/>got<br/>she<br/>sheep<br/>shop<br/>queen<br/>been<br/>bee<br/>he<br/>October<br/>pail</p> <p><u>Science</u><br/>Second Graders are continuing to learn about life cycles of plants and butterflies.</p> <p><u>High Expectations!</u><br/>I have high expectations for your child!
