This very cold January week was a busy one at preschool. We continued on with our magnets unit, our winter unit and started on our Kansas Day unit. You may want to ask your child about some of the interesting facts we learned about our great state of Kansas.

In our Animated Literacy, we met Daisy Dragon. In Math, we worked with the number twelve and learned all about the dozen and things that you can buy by the dozen. We are now counting to eighty, well on our way to one hundred for our upcoming 100<sup>th</sup> day activities. Your child may have talked about Freddie the Frog, our new alphabet toy that spits out the alphabet letters from its mouth as it rolls toward them. This is a fun activity to help us learn to identify the upper and lower case letters.

In your child's red folder you will find a pair of mittens with first and last names on them. The class has done a great job of learning each other's names.

We have had many children sick this week at preschool. Just a reminder: your child needs to be fever free for 24 hours before returning to school!

Stay Warm!!!!
