Math

Students will continue their study of geometry focusing on perimeter, area, and volume.

Language Arts

Students will be reviewing the 6th grade indicators for the Reading State Assessment which will be March 17th through March 19th.

No spelling words for this week.

Science

Students will continue to identify the scales/instruments used to measure the strength of earthquakes and describe how the energy of an earthquake travels. Laboratory investigations - activities demonstrating and modeling how seismic waves can be detected by finding the focus/epicenter and how seismic waves travel through the Earth. CH. Test, Earthquakes, p 44-79, Wed, March. 3rd

Social Studies

Students will begin Chapter 11 on The Medieval World. In this chapter we will learn about the Byzantine Empire and the Islamic World.
