

Sixth Grade Newsletter

March 8-12

Spelling Words

Math

Students will be finishing their study of geometry and have a test on Thursday, March 11th. State assessment practice will be on-going and students can review concepts on-line with the BAIP program. Students have their passwords in their agendas.

Language Arts

Sixth graders will be preparing for the March 17th—March 19th Reading State Assessment by reviewing the indicators. It would be greatly appreciated if you would also review this information with your child. This material is in a yellow envelope in their trapper. Thank you!

Science

Students will continue to identify some physical and chemical properties of matter and describe the different types of eruptions and stages of volcano activities. Laboratory investigations - activities demonstrating and modeling how fast liquids flow and the different forces of magma gases.

Quiz - essay comparing/contrasting the three different kinds of volcanoes

Social Studies

Our TEST over Chapter 11 “The Byzantine Empire and Ancient Arabia” will be March 11th. STUDY GUIDES for the test will come home on Wednesday, March 10th. Please study with you child and sign the Study Guide for 3 extra points.
