

Mrs. Small's 2nd Grade Class

“Making A Batch of Smart Cookies”

Newsletter for the week of January 25, 2010

Math

We are learning to read thermometers and clocks.

Social Studies

We are learning about Kansas History this week! Kansas became the 34th state on Jan. 29th, 1861.

SELECTING BOOKS!

I let students select and take home books from my shelves. Occasionally students select books that might be too hard. If your child brings home a book that is too difficult please take the opportunity to read it to your child and discuss real-life situations relating to it or take turns reading the book with your child while helping him/her with unknown words. Either way your child will be exposed to a larger vocabulary so once in a while it is fine to select a higher level book.

Reading

The story for this week is Fernando's Gift (in the red book).

Language Arts

We continue to review synonyms, antonyms, homonyms, compound words, contractions, and plurals.

Thank you!

Thank you for helping your child study for the Geography test. I know I expected your student to know a lot but they are the second grade Geography standards. Next year your child will have to learn all the states in the United States.

FREE MAP OF KANSAS

For a free map of Kansas call 1-800-2KANSAS or request one by on the web at www.travelKS.com . Your child would love to get one in the mail!
