

Mrs. Small's 2nd Grade Class

“Making A Batch of Smart Cookies”

Newsletter for the week of Nov. 09, 2009

Mark Your Calendars!

Thanksgiving Break

Thanksgiving Break will be Nov. 25, 26, and 27.

Science

We have been learning about natural resources. We will soon be learning about water cycles.

SHOPPING MONEY!

Your child has the opportunity to earn \$5.00 pretend money for shopping when he/she memorizes addition and subtraction facts! We have some holiday items coming up for sale! Five minutes a night of practice will help your child learn the facts!

Pencils! Erasers!

Please ask your child if he/she has an adequate supply of pencils and erasers. Some kids are starting to get a little low on pencils. HINT: The plain yellow pencils last longer than the decorative colored pencils.

PLEASE – NO
MECHANICAL PENCILS!

Reading In the Red Book

Have your child read Sharks.

WHAT DID THE WEATHER MAN SAY???

It is a good idea to listen to the weather man each day on the news to find out how to dress your child. If it is cold and your child doesn't wear appropriate clothing to school he/she might have to miss recess. Please make sure your child has winter apparel including a coat, hat, mittens or gloves, scarf, and boots. If anyone has some extra clean coats, hats, or gloves they would like to donate to our 2nd grade classes we would be glad to keep them on hand for extras.

NEW..... READING & MATH LEARNING TEAMS !

Mrs. Bottorff, Mrs. Stuck, and Mrs. Small have created new reading and math learning teams. His/her teams will be in one of the 2nd grade rooms. We have done this so he/she can be better challenged and show even greater progress! We are all impressed how much the students have improved during the first quarter. Thanks for helping your child at home!

NOODLES!

Noodles is our classroom puppet! He is a chef! ☺

Math Homework Packet

The addition and subtraction math homework packet sometimes uses boxes for regrouping. Please ignore the boxes and let your child do the math without them. Students will know how to do it after being taught at school.
Thanks!
