Veteran's Day Ceremony

Pink-Out Passion

Have you heard the news about this years' ACCHS Pink Out? Mrs. Walters, Student Council Sponsor, relayed that "Pink out originated nationally to support the fight against breast cancer," also stating that "Our school wanted to participate in it last year, but we were not well organized." When asked as to the reason that ACCHS first became involved she responded by relaying the information that it was to support Mrs. Leiwert's, an elementary P.E. teacher in Effingham. She has her own battle against this life threatening disease. So who really got this year's pink out in motion? Our school's very own Student Council began by selling t-shirts to all those who would like to participate in the day of both remembrances for those that have lost the fight and support for those still fighting breast cancer. The hope is that one day this terrible disease will stop terrorizing the women of our society. Many wore their pink shirts they purchased from the student council or pink clothes and accessories on October 4th. The ACCHS Volleyball final home game also saw pink in the stands as well as on the court. Even the referees wore pink whistles. Players sported pink ribbons in their hair and pink shoe laces. A little less than \$700 was earned by selling the t-shirts and pink basket raffle, with Stuco pitching in a bit more to round out the number to an even \$700. Mrs. Walters informed

that, "Half (of the money) went to the Susan G Komen for the Cure fund, and the other half went to the National Breast Cancer Foundation." If you were unable to participate in the pink out, don't worry, with such a great response from our students here at ACCHS there is sure to be another one coming. Thank you to all who participated and keep up your team spirit!

Ashley Chalfant, Alex Cummings, Eric Cummings, Quaid Haase,

Morgan Martin, and Sam Tull will be going to the National FFA Convention Tuesday, October 18. The convention is in Indianapolis, Indiana. They will return Friday, October 21. Wish them luck!

Foreign Friends

Finnish student, Anton Lindstöm is one of the ACCHS foreign exchange students. Anton is a junior this year, and when he goes back to Finland, he has to take his junior year over again. This year doesn't count toward his educational credit. In Finland, the school system is different, for instance, they don't study their subjects in as much depth. The country of Finland has many more lakes than the U.S. does. Anton also remarked that the food is different. The Finnish alphabet has three more letters than the English alphabet (Ä, Å, Ö). In his spare time, Anton boxes, spends time with his friends, and

listens to mostly rap and rock music. Some of Anton's goals for this year are to play football, which he has achieved, become better in English, and participate in wrestling. When he grows up he wants to be a lawyer and his favorite holiday is Christmas. Anton is a Lutheran and owns an Australian Terrier named Karo. So far Anton likes the United States.
