FOR IMMEDIATE RELEASE

## **ACCHS students who attended Job Olympics achieve a truly amazing accomplishment!**

28 schools attended Job Olympics held at Johnson County Community College. When students compete in individual events, they are competing against other students at their grade level from all of the participating schools, in most of the events our students participated in, they were participating against more than 25 other students at their grade level. Our students won 22 medals out of 40 possible medals they could have won (**14 – Gold/1<sup>st</sup>, 6 – Silver/2<sup>nd</sup>, and 2 – Bronze/3<sup>rd</sup>**). The students also won an additional 12 ribbons for 4<sup>th</sup> – 10<sup>th</sup> place. Overall, the students placed in 34 out of 40 total events.

In the team competition, they competed in Division II for medium size schools. Schools are put into divisions based on the number of students brought for competition. ACCHS was the smallest (fewest number of students attending Job Olympics) school in that division. **The students from ACCHS won the first place trophy in Division II.** The other schools in our division were Mill Valley, Lakemary, Coffey County, Gardner, Shawnee Mission Northwest, Blue Valley, C-Tran, Blue Valley North, and Kansas School for the Deaf. What makes this an outstanding accomplishment is that each teams' points are based on total points won by every student they have competing. The more students competing, the more events you have the possibility to win points. Schools are at a great disadvantage when they have 7-9 fewer students than the largest team in the division.

Other schools competing in this competition were Shawnee Mission Post High School, Blue Valley Northwest, Olathe South, Olathe East, Olathe Northwest, Shawnee Mission West, Shawnee Mission East, Shawnee Mission South, Shawnee Mission North, Desoto, Jeff North, Perry-Lecompton, Spring Hill, Jeff West, Olathe North, Blue Valley West, East Central Kansas Cooperative, and McLouth.

## Job Olympics Results 2006

ACCHS finished 1<sup>st</sup> in the team competition in Division II at the Job Olympics competition at Johnson County Community College

### **Individual Results**
