FOR IMMEDIATE RELEASE

Atchison County Community Schools Selected to Participate in National Test

Kansas Education Commissioner Bob Corkins has recently informed USD #377 that the district has been selected to participate in the 2007 National Assessment of Educational Progress (NAEP) Test. Our district will represent similar schools across the state and nation. Results from this test will be reported nationally in *The Nation's Report Card*.

The NAEP assessment will be given to district eighth graders in reading, writing and mathematics. There is also a possibility that ACCHS seniors will also be selected to participate in the NAEP test.

Participating schools will receive notification of their test dates in June. Schools selected to participate in the NAEP test will receive support and guidance from NAEP certified staff.

Our schools participation in the NAEP test is another great opportunity to demonstrate to Kansas and the nation that we are "Successful by any measure."
