FOR IMMEDIATE RELEASE

## Seniors Visit Topeka

The students had a very good day with an historic tour of the capitol building, where our guide was so impressed he also took us through the tunnel to the Docking Building and up to the observation deck. We then went up the dome, but were delayed for awhile because a page in the group ahead of us passed out. Our students were very respectful about waiting their turn and showed the girl real compassion as she had to walk past the whole group. We then split up for lunch, later to meet back up with Senator Dennis Pyle. The students were very interested to ask him questions about the economy, state budgets, energy, social security, and what the senate is currently working on.
